Uganda's Uniqueness

The President of Uganda recently commissioned a brand new high tech bridge to cross a spot in Lake Victoria.

Prayer Requests

- Bible translation work in Runyankore
- Discipleship ministry
- new church plant in Karusandara
- faithfulness of people while on furlough
- safety in travels
- start of the mountain ministry upon return to Uganda

Our Return to the U.S.

We are thankful for a safe return to the United States. All our bags made it safely as well. We were able to make some stops in Dubai, United Arab Emirates and Paris, France on our way back. It was an added blessing to see other parts of the world along our journey.

Our Visit with our home church

After 5 years on the field, it has been a blessing to spend a few weeks with our pastor and sending church. We are so thankful for a church that is behind us and cares for us.

Our Travels

So far our travels have taken us to New Mexico, Arizona, and California. What a blessing it has been to reconnect with friends and pastors who have been praying for us and supporting us during our last term in Uganda.

Our Residence

We are so thankful to the Lord and the Ugandan government for granting us our Certificate of Residence. It is only for 5 years, however, when we eventually re-apply, it will give us a better opportunity to get a permanent Certificate of Residence.

This will make it easier to do the work in Uganda without all the extra "red tape" of immigration every three years.

Our Purpose

While on furlough we have several purposes. Please pray that we will see God work in each of these areas.

1. to help people reach outside their comfort zone
2. to encourage people:
 - to pray for God to send more labourers;
 - to give more to missions through their church, and
 - to go everywhere preaching the Gospel
3. to report what God is doing in Uganda
4. to let our children see how God is working in America
5. to come closer together as a family
6. to raise money for a multi-purpose Sunday School/Bible college building
7. to raise money for a 4-wheel drive vehicle for a new ministry in the Rwenzori mountains
