Charter Service

What a blessing it was to finally have the **charter service for the Independent Baptist Church of Karusandara**. After several years of preaching, teaching, discipleship and more, the church in Karusandara was officially opened. There were ten members who signed the membership book with many more to follow.

What a blessing to have been able to be a part of another church plant. This church is now under the leadership of Katungye Brian, and we are excited to see how God will grow this ministry. Brian already has made many plans for soulwinning, discipleship and even has plans for starting other churches from this one. Amen! **Please pray for Bro. Brian and the new church in Karusandara.**

Brian and Matt

Six-year anniversary

It was also a blessing to celebrate the sixth anniversary for the church in Kasese. How exciting it has been to see what God has done in six years. We started with six people in our front yard. God has tremendously blessed with land, buildings, but most importantly, people. We have seen such spiritual growth in the people and also an increase in the number of people attending and even joining the church. **What a blessing that by the church's sixth anniversary, another church had already been established out of this one.**

Karusandara Charter Members

Discipleship and Preaching Points

We praise the Lord for the continuing work of church planting that we are able to be a part of. At present we have **two "Discipleship Points."** This is a place where we have several people in one area that are being discipled. We also have **one "Preaching Point."** This is a place that has people who have finished the discipleship program and are actively involved in getting a church established.

The two Discipleship Points are in the mountains. One is in a village called **Kishanyarazi**, with about 10 being discipled. The other village is called **Ribweryakyona**, also with about 10 being discipled.

The one Preaching Point is in the village of **Kinyayoby**. We have completed discipleship with over 20 individuals (who are now discipling others) and are now conducting Sunday services in addition to that. We are in the process of developing these Christians into mature believers with the goal of establishing another church.

Back Surgery Update

I want to thank all of you who continue to pray for my recovery from back surgery. I am just about back to normal. I just have to be careful of lifting things, however, I am so glad to be back in the ministry work fulltime.
