Uniqueness of Uganda

This is one of the blessings of being in Uganda. This leopard was on the side of the road as we were driving back from the capital to Kasese.

We are open!!

We praise the Lord that the government finally opened churches (with restrictions, of course) on September 29. It was such a blessing to be back in church. Since the opening God has blessed with 2 salvations, 9 baptisms, and 4 who joined the church.

We were also able to open our Bible college again. We have 37 students this term taking the courses of Sign Language Interpreter's Training, the book of Revelation, Bible Doctrines 1, and the books of 1&2 Timothy. We have three of our graduates teaching some of these classes. What a blessing that is!

Week Long Course in Ribweryakoyona

I and three other men had the privilege to go to Ribweryakoyona (one of our mountain preaching points) for a week long course teaching from Creation to Christ. It was a great time of teaching the Word of God in a chronological fashion. We had 6 get saved at the end of the week, three got baptized and we ended with one couple getting married. It was a great week!

Ministry to the Pygmies (Bathwa)

God has opened an opportunity for us to work with the Bathwa community here in Uganda. They are a forgotten group of people. Many here think that they are animals because of living in the forest. With the help of two visiting preachers from the US who stayed for two weeks with the Bathwa, we have seen 30 get saved, with 22 of them following the Lord in believer's baptism. Please pray for the discipleship and training that is very much needed among the Bathwa.

Building Constructions Completed

We are so grateful for God's provision in completing our multi-purpose building in Kasese town. We are already using it for children's SS and Junior church, Youth 4 Christ, Singles, Ladies Bible study, Bible college, translation work and a dormitory. Again we want to thank all of you who prayed for this and even gave to finish its construction. To God be the glory!
