

Uniqueness of Uganda

In different areas of Uganda it is taboo for a woman to ride a bicycle. It is accepted more in the north of the country.

Weddings and more weddings...

We continue to be blessed by more couples who want to do what is right. Those who had been living in fornication, have separated and God blessed for them to get wed properly. **In the past two months we had five more couples get wed.** This means that in the last four months of 2022, we had 10 couples get wed properly. What blessing it has been!

Bible college graduation

We are thankful for the **three students who graduated from the Bible College** ORALS examination showing that they knew what they believed. I am also thankful that these students have already been great in their ministries. One is even pastoring a church and one is involved in a ministry. Their desire to serve Him!

Graduates Alfred, Happy, and Moreen

Ordination Service

We were also blessed to **ordain two of our men who have shown faithfulness over the past several years.** Pastor Brian and Pastor Zebedee, both of whom are pastoring churches in their respective villages are doing a great work for the Lord.

We believe these men are called of God; they have a good and correct knowledge of the Bible; their lives are blameless (not perfect) and they are serving God faithfully where they are now.

Missions Conference

Our Missions Conference here is always in December... a time of giving, Amen? We are so thankful for the wonderful commitment of our people made for missions. **They committed to give over \$1,200 in 2023.** Please pray that they will keep their promise in the new year.

Family Update

It was such a blessing to have Marcus and Kendra come home to Uganda for Christmas. They sure enjoyed coming back home and we definitely enjoyed their visit between semesters. We will continue to pray for them as they are still getting settled in the foreign country.
