

## Uniqueness of Uganda

While many tourists come to Uganda to see the wild animals (elephants, lions, etc.), for some of our people these animals are a threat to life. There were two people killed by elephants near our village church in Karusandara.

## Another New Church

After Covid-19 disturbed us for a while, we were able to continue the training of the disciples in Ribweryakoyona—the mountain village we had been going to for some time. During that training we did a lot of soul-winning, discipling, teaching, and preaching. On August 20, 2023, we officially opened the Independent Baptist Church of Ribweryakona (rēēb-wēryā-chōnā). We had eight actually sign the constitution, with one sick not being able to sign and two others signing at the end of the day (as they were getting married later). With over 300 in attendance the church has begun with a great testimony in the village there. We pray God's blessing on His new church. Please pray for the new church members as they strive to serve the Lord faithfully.

## Another New Couple

On the same day as the charter signing for the new church, we also had a wedding. Once the charter service was over, we immediately started the wedding ceremony. We praise the Lord for the testimony of Nathan and Veronica. Pray for them in their new life together.

## Another Ladies Conference

Last year's conference brought fifty-five ladies together, and we were praying for a larger number this year. Praise the Lord we had eighty-five ladies come from nine different churches and one preaching point.

Our theme was "Putting Pieces Together" focusing on how God takes different aspects of our lives and brings them together to make something beautiful. The spirit of the ladies was encouraging as so many remembered each other from last year and welcomed each other. They gave testimony of how the Lord worked in their lives this past year and at the end of the two day conference, they committed themselves to the Lord to make changes where necessary. So many of these ladies are young Christians with tender hearts to listen to easy lessons as well as the hard ones and allow the Holy Spirit to change them.

We are so thankful for the great people God has allowed us to work with and disciple. Please continue to pray for these ladies as they face difficult tests in the next year! We also pray for the visiting ladies at the conference that they would continue to think about what they learned and come again for more teaching.
