When it is time for school exams, the Ministry of Education sends the exams countrywide to the local police stations. On the day of exams, the representatives for the schools go to the police station and get their exams and then are escorted by the police to the school. This is to prevent any one from stealing the exams and making copies for the students.

School Project

Construction continues on the school project. As of now, we have **completed the permanent administration building and the two temporary 4-block classroom units.** These temporary classrooms will be sufficient to start the school. As the Lord blesses, the school progresses, and other funds come in, then we can make them permanent. We are also beginning the work on a permanent toilet which will be enough for the teachers and students.

There is now a school board of directors that are making most of the decisions for the beginning of the school. I thank the Lord for the wisdom that He has given these people as they endeavor to start a school that will bring honor and glory to God. **Please pray that God will continue to give wisdom for this tremendous work and that all the funds that are needed will come in.** We are so grateful to the churches and individuals who have sacrificially given thus far.

Police Ministry

Once again, the Lord has blessed with another police officer getting saved. I am continuing to go to the police station and preach to the police officers every Monday morning. Because of this, I have gotten to know several of the officers. One officer asked to meet me for some counsel on personal finances. After listening to his story, I directed the conversation to salvation, and he ended up getting saved. **Please pray for Komakech Joel and his new life in Christ.** Pray also that we will be able to have the time for discipleship. Pray also that the discipleship with Police Spokesman Tumushime Nelson will continue, in light of the fact that he is so busy with police affairs.

School Ministry

God has given us favor to be able to go into a primary school with over 300 students every week. Last year, I had the privilege to lead the director and his wife to the Lord, and they asked if we could come and do chapel every week at their school - Good Light Primary School.

This year, I have been going to the school with 8-10 other church members to teach all the students every Wednesday. While our people are teaching the students, I have the opportunity to talk to the teachers. Recently, the head teacher, Apophius, got saved, and **I had the privilege of baptizing her after going through several discipleship lessons with her and some of the other teachers.**

We praise the Lord for the opportunity we have to teach these students and their teachers the Word of God every week.

Ladies Conference

We were blessed to host our third ladies conference in October.

There were 16 churches represented this time! Praise the Lord! The theme was 'Overcoming Obstacles' touching on things we all struggle with such as fear, doubt, spiritual dryness, health, etc. Many ladies gave tremendous testimonies of how God used these lessons to help their lives. Two ladies even made a profession of faith! Glory to God!! Pray these ladies continue with the decisions made and use these lessons to help others as well.

A Big Answered Prayer

Thank you for your prayers on behalf of our getting our work permits which allow us to stay in the country. **Both my permit and my wife's permit have been approved for three years.** Praise the Lord we will be able to continue serving Him here in Uganda.
