## Uniquely Ugandan

I think most of us have heard of the pink "Energizer Bunny," especially in America.

It is very interesting that here in Uganda we have the pink "Duracell Bunny." Perhaps they are actually the same company under two names.

## 11th Anniversary of Independent Baptist Church of Kasese

It was a blessing to see God continuing to work even after 11 years of the church being in existence here in Kasese. **On the anniversary day, March 1, we had 24 visitors.** Many church members gave testimony about how God has worked in their lives through the church. I preached a message about how God has kept our church for these 11 years. We ended with a nice meal together after the service. What a blessed day it was!

## Calvary Independent Baptist School

We are thankful to the Lord that Calvary Independent Baptist School has completed their first term of the year. Here in Uganda, there are three terms. The ones in the leadership roles of the school have been really excited to see what the first term has brought. **We had 115 students; which is unheard of for a school's first term.**

The teachers helped the students with their regular studies but also with memorizing Scripture verses and learning Bible songs. It was great to hear them quoting these as we visited each class. The teaching staff and leaders of the school learned a lot and are planning already how to make the second term even better.

**Please continue to pray for God's wisdom and provision as many of the parents of the students are unable to pay their school fees and yet the bills of the school must be paid.**

## Pastor's Recharge

In March, we greatly enjoyed our Pastor's Recharge as I took 15 pastors to a safari lodge in the Queen Elizabeth National Game Park. These pastors enjoyed a time of rest and refreshment, good food, good fellowship, and we gave all of them gift bags filled with "little blessings."

**What a joy it was for us to "spoil" these men of God a little bit.**

## Pastors' Wives Refresher

In April, Keila took the wives of the aforementioned pastors and did the same with them. She took them to a nice hotel nestled in the foothills of Mt. Rwenzori and spoiled them a bit as well. **She said that all enjoyed the day like it was a get-away vacation.**

## Family News

Marcus has settled well in Iowa with his new job and church family. Kendra and Kirsten have both completed their sophomore year at college. Kendra will be working in Ohio for the summer, and Kirsten is playing the piano for the Redeeming Grace Trio that is touring this summer for Golden State Baptist College. Kimberly is doing well here in Uganda serving in the church, attending Bible college, and finishing high school. She is officially a senior! **We continue to praise and thank the Lord for children that love to serve Him!!**
